

Thursday

Dear Emory - I'm weak  
like a cat but just want to  
let you know Nell & I went  
up yesterday & got a good report  
nevertheless I feel awful!  
It is a hard trip & we had to  
wait too long. They say every  
thing is fine but still I  
don't seem to be getting any  
benefit - I don't know  
Dr. Margaret is much better  
& will be home before long.

It is cloudy today but was  
nice yesterday. Mildred is getting  
a window display of 5 prints  
ready for the convention. They  
are busy now too - Have  
probably told you every thing -  
I am sickish will have to stop  
Love Corine
